It's all about customer service"

Another feather in our cap towards our commitment to provide our customers not only the best quality product but also the best service, is the introduction of a state of the Art "TRAINING CENTER – THE AL-KHALID LOUNGE."

It provides the right platform for interacting with our customers, exchanging ideas, while providing a comprehensive training on SAFETY and ENVIRONMENTAL issues.

Its strategic location near the production facility and a full-fledged workshop makes it a convenient place for imparting TECHNICAL and HANDS ON training.

All the above in a comfortable environment makes it a pleasurable and fruitful investment towards our dedication to serve our customers better and always remain few steps ahead of our SO CALLED COMPETETORS.

"The only constant in this world is change."

Understanding the above it was decided to totally revamp our chain of showrooms, giving a new and stringent image to the Company.

Our recently opened new showroom is just a first step towards the above goal. The new modernized outlet provides business dealing of industrial equipments A PLEASURE TOUR.

Coming soon is a complete line of medical equipments which will provide a TOTAL HEALTH CARE SOLUTION.

We are living upto our commitment to provide a TOTAL GAS SOLUTION to our customers and facing the challenge of ever changing market demands HEAD ON.....

Danilo Nucup –Safety
engineer

"Green is in..."

we recognize that the protection of the environment is of increasing concern to the government and the need of the community. An effective program to protect the environment requires continual assessment, and its impact, of our existing operations.

Mr. Danilo Nucup, our
EHS engineer
